

VOLUNTEERS NEEDED - The Sanford Airport Memorial Committee is looking for volunteers to help restore a vintage World War II PV-1 Ventura. One of the very first aircraft to operate at NAS Sanford the Ventura was very active here and at NAS Deland in the early 1940s. We have recently acquired an aircraft from the National Museum of Naval Aviation in Pensacola and are in the process of doing a display quality restoration.

The restoration hangar is opened on Saturday and Tuesday each week from about 9:00 am to 3:00 pm and currently we have about 8-10 interested volunteers working on this project. If you would like to help please call Jack Dow at (w) 407 585-4006. We are located in B-125 next to the Cargo Center on Carrier Ave on the airport. Stop in sometime soon to see what we are up to.
